

The Milton and Evansville FFA Alumni, along with friends and family are
hosting a

Benefit for Austin Martin

on

December 1st, 2013 at the Holiday Inn Express

Austin, son of Joe and Bonnie Martin, is 9 years old. On what would have been his first day of 4th grade, he was diagnosed with a rare sarcoma cancer. Austin needs to endure numerous rounds of chemotherapy and then will have surgery in 2014. Our benefit will assist with ongoing medical costs and everyday challenges Austin and his family will encounter.

**Please consider participating in this benefit, by
donating a service, an item
or a monetary donation.**

We will provide documentation for tax purposes upon request.
